

Government Launch National Import-Export Record for Yearly Analysis of Trade (NIRYAT)

Government on Thursday, June 23, launched the NIRYAT portal, which will dedicatedly deal with the import and export analysis of India. NIRYAT, or the National Import-Export Record for Yearly Analysis of Trade, has been launched by the government to provide important real-time data to all stakeholders. NIRYAT has been pegged as a one-stop platform for stakeholders for easy access to critical information related to India's foreign trade by the Centre.

It will bring positive changes in the field of trade and commerce, especially for MSMEs. Users can log in to the portal with their usernames and passwords and access all import export data of the country easily.

From this portal, important information related to more than 30 commodity groups exported to more than 200 countries of the world will be available. In the coming time, information related to district-wise exports will also be available on this. This will also strengthen the efforts to develop the districts as important centers of exports.

The NIRYAT portal is aimed to "facilitate further strengthening of India's financial sector in line with the 3Ts of Trade, Tourism and Technology," as per the government.
